“Membership with the Indiana Chamber is a vital resource that we use in all aspects of our small business administration. From training manuals, poster compliance, marketing leads, daily news releases and human resource consulting, our annual membership fee is returned tenfold. In particular, George Raymond and the HR Helpline have always been just a phone call away when I’ve needed specific human resource advice. I couldn’t imagine managing our business without the Indiana Chamber and its HR Helpline.”

– Denice Runkle, Chief Information Officer, J&L Dimensional Services, Inc., LaPorte
